Dear Wood:

Sorry to have overlooked our little account. I send check herewith together with 50c. for Ramsdens Chinese Barter Money.

If you still have any of the bamboo tokens or new Chinese coins I should be glad to receive some on approval. We have just organized a coin club here with some dozen members to start with.

Very truly,

WILLIAM C. STONE,

Dear Ward.

Have been hunting everywhere for your letter giving prices of those bamboo fishens. I meant to keep them all but do not know just the total amt. I think it was about 3.50 and enclose check which if not enough please let me know. Tell me something about them as I have no recollection of seeing any before.
